### Recitation Sections - MATH 251L

**All students are *required* to enroll in a recitation section. All recitation sections meet on Tuesdays.**

In addition to running the recitations, each teaching assistant has hours in the Math & Stat Lab and one-on-one tutoring hours. Keep in mind that the Math & Stat Lab is open to *all* UAF students. Thus, Lander and Mason must help all students, not just Calculus I students. Similarly, all students may make appointments during Lander's and Mason's one-on-one tutoring hours.

## Calculus I Skills Workshop - MATH 251S

The Skills Workshops are *mandatory* for students with a previous unsuccessful attempt at Calculus I at UAF who did not successfully complete MATH 251R Prep for Calculus in August. (That is, any student who earned a W, D+, D, D-, or F in Calculus I is required to enroll in a Skills Workshop or Prep for Calculus.) For all other students, the Skills Workshop is *optional*.
